

# WELCOME WILD ONE

## TO THE PATH OF THE EMPOWERED EMPRESS

I am so honoured that we will be walking together on this journey of sacred sensuality, unyielding your magick + achieving your desires. Welcome home. Ahead of your initiation is the very first stage of choosing the Yoni Egg you will be using on this adventure. Read over the options, notice if one screams out to you immediately or you want to take a little time to decide. Maybe bleed on it. You will always be able to add more to your collection, so trust your intuition for this new phase you are entering right now.

This is going to be one of the best healing tools you will ever use to take care of one of the most important relationships you will ever have - the one with the self. This truly is the work of the Wild Woman + you are not going to look back.

If you would like any guidance, or have any questions, please ask. My role as a guide is to be here to support you along every step of this journey. That is the sacred oath amongst the sisterhood.

Wildly yours, Becci
